HELP FOR THE EXPORTER

"The sellers' market has come to an end with the return of substantial competition for world trade in manufactures, and United Kingdom exporters must match the efforts made by their competitors in the study of market requirements and methods of salesmanship and trade promotion."

The Rt. Hon. Peter Thorneycroft
President of the Board of Trade

Manufacturers and merchants concerned with export trade can get much valuable assistance from the Board of Trade, whose many services include:—

REPORTS ON OVERSEAS TRADERS, MARKET INFORMATION, LISTS OF IMPORTERS ABROAD, HELP IN CHOOSING AGENTS, INFORMATION ABOUT TARIFFS, HELP TO BUSINESS MEN GOING ABROAD.

Full details of the service, or advice on individual questions, can be obtained from:

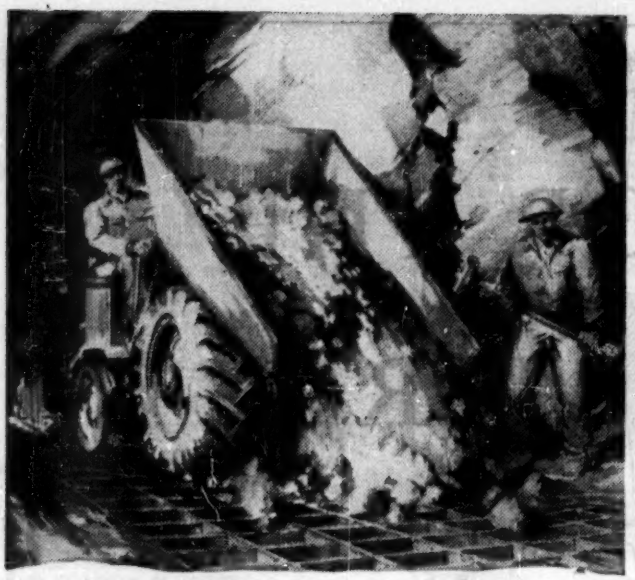
or from any Regional Controller of the Board of Trade



A firm foundation for prosperity

THE NEW MARCHON SULPHURIC ACID AND CEMENT PLANT IS BUILT ON ITS OWN RAW MATERIALS

Marchon Products Ltd. are now producing 100,000 tons of sulphuric acid a year by the anhydrite process, at a cost which compares favourably with that of any other method. This major contribution to the nation's supply of a vital industrial chemical is produced independently of imported raw materials, and the process yields a valuable co-product in the form of one ton of Portland cement for every ton of acid.

Anhydrite is freely available in Britain. The Marchon plant at Whitehaven is literally built on an enormous deposit and the picture shows the underground handling of anhydrite in the Company's mine.

Market Information

FOR BUSINESS MEN GOING ABROAD

To business travellers abroad economy of time is a vital factor. In important centres in all overseas countries there are United Kingdom Trade Commissioners or Foreign Service Officers who are ready to assist them and save them valuable time by advising them on local market conditions for the kinds of products in which they are interested, by providing them with information about customs duties and import regulations, by helping them to find suitable agents or representatives and in various other ways.

All business men going abroad are urged to make use of these facilities. If they will first consult the Export Services Branch or any Regional Office of the Board of Trade, arrangements can be made for the appropriate officers in the countries they intend to visit to be furnished in advance with details of their requirements.
